## UE Head AirFlame 500 Light DMX

Item Code : PFPFAF002226

The EU Head AirFlame Light allows you to create a decorative and powerful visual effect for the event. This version is equipped with 4 MR16 halogen lamps of 71W each in tight beam pattern. Fire-colored removable dichroic filters give the illusion of a real flame.

Realism is bluffing! Without the filters, the powerful white lighting will highlight the inflatables. Two versions to choose from: Light Std for manual control or Light DMX for remote control. The concept we have developed gives you the choice to use this head for 4 different effects: Flames of Silk, Windsock, Characters and Inflatable Forms such as cones. This head comes with 2 accessories included, a silk flame holder and a strapping for the inflatables.
