

UE Mega Shooter

Item Code : PFPOMS001030

The EU Mega Shooter is a machine for double projection of confetti, propelled by Co2 or nitrogen (N2) by a large double venturi tube. Designed for use on the ground, its extreme power allows you to project up to 40kg of confetti at a height of 20 to 30 m. Thanks to its 2 tubes, the covered surface is very important. As an option you can electronically control the shots with the following accessories: Power Electrovalve Eco and Power Box DMX-512 Super Shooter.

NOMENCLATURE :

- 1 x UE Mega Shooter
- 2 x Outlet venturi tube

TECHNICAL SPECIFICATIONS :

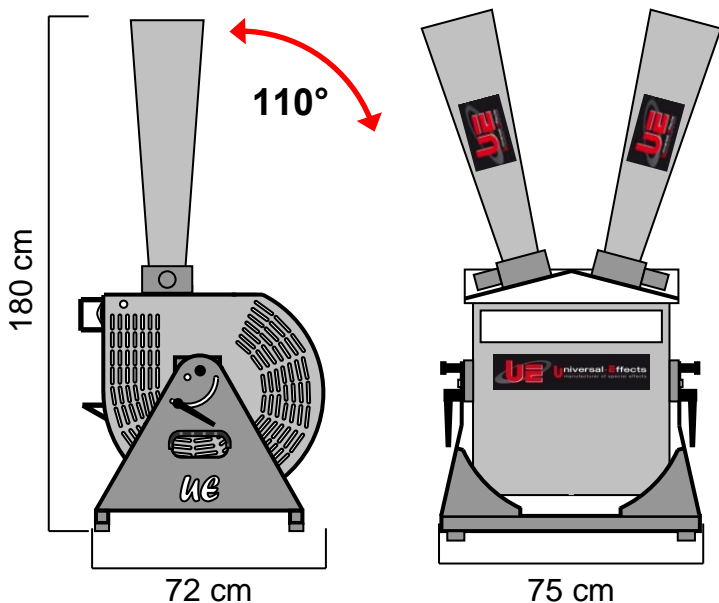

Size : L 75 x W 72 x H 180 cm
