

## UE Super Shooter

Item Code : PFPOES001020

The EU Super Shooter is a confetti projection machine powered by CO2 or nitrogen (N2) by a large venturi tube. Designed to be used on the ground, it is very powerful and allows you to project up to 20kg of confetti at a height of 20 to 30 m, in less than a minute. As an option you can electrically control the shots with the following accessories: Power Eco Electro Valve and Power Box DMX-512 Super Shooter.
